NEABaptist.com

In 1977, Dr. Ray Hall, Jr., an internal medicine physician began a single practice in Jonesboro which would over the years become one of the state's largest multi-specialty clinics. The award winning NEA Baptist Clinic has since partnered with NEA Baptist Memorial Hospital to deliver integrated health care to Northeast Arkansas.

"I think the clinic probably began in the cafeteria of University of Arkansas for Medical Sciences in the mid-1970s, when Dr. Ray Hall presented his idea to the other five of us and we began talking about our future plans," says Dr. Stephen Woodruff, one of NEA Baptist Clinic's eleven founding physicians.

We have since become a leader in clinical research and key provider of medical specialty services with hundreds of thousands of clinic visits each year.

#### OUR CULTURE

Every patient deserves dignified and reverent treatment. Caring for human life is a sacred responsibility and each of our physicians views that responsibility with a deep, steadfast respect.

Our 2007 merger with Baptist Memorial Health Care was a strategic step toward providing for the long-term well being of our communities. The specialty offices of NEA Baptist Clinic recently relocated to the new NEA Baptist Medical Campus which includes an adjoining 228-bed hospital and a cancer center.

We're shaped by the evolving health care needs of our communities. We're listening as our patients tell us what healthy is to them. And we're steadily developing new specialty services to meet their expectations – right here at home.

# Primary Care Providers/Locations

Your primary care doctor (PCP) is your medical "home."

It's the doctor you visit for most medical needs, including wellness visits and routine screenings, nonemergency illnesses like earaches and sore throats, and the person you speak to about your health questions and concerns.
